(b) For the purposes of this section, an offense under the laws of this state, another state, or the United States is:

(1) except as provided by Subsection (b-1), a felony if the offense, at the time the offense is committed:

(A) is designated by a law of this state as a felony;

(B) contains all the elements of an offense designated by a law of this state as a felony; or

(C) is punishable by confinement for one year or more in a penitentiary; and

(2) a Class A misdemeanor if the offense is not a felony and confinement in a jail other than a state jail felony facility is affixed as a possible punishment.

(b-1) An offense is not considered a felony for purposes of Subsection (b) if, at the time of a person's application for a license to carry a concealed handgun, the offense:

(1) is not designated by a law of this state as a felony; and

(2) does not contain all the elements of any offense designated by a law of this state as a felony.

(c) An individual who has been convicted two times within the 10-year period preceding the date on which the person applies for a license of an offense of the grade of Class B misdemeanor or greater that involves the use of alcohol or a controlled substance as a statutory element of the offense is a chemically dependent person for purposes of this section and is not qualified to receive a license under this subchapter. This subsection does not preclude the disqualification of an individual for being a chemically dependent person if other evidence exists to show that the person is a chemically dependent person.

(d) For purposes of Subsection (a)(7), a person is incapable of exercising sound judgment with respect to the proper use and storage of a handgun if the person:

(1) has been diagnosed by a licensed physician as suffering from a psychiatric disorder or condition that causes or is likely to cause substantial impairment in judgment, mood, perception, impulse control, or intellectual ability;

(2) suffers from a psychiatric disorder or condition described by Subdivision (1) that:

(A) is in remission but is reasonably likely to redevelop at a future time; or

(B) requires continuous medical treatment to avoid redevelopment;

(3) has been diagnosed by a licensed physician, determined by a review board or similar authority, or declared by a court to be incompetent to manage the person's own affairs; or

(4) has entered in a criminal proceeding a plea of not guilty by reason of insanity.

(e) The following constitutes evidence that a person has a psychiatric disorder or condition described by Subsection (d)(1):

(1) involuntary psychiatric hospitalization;

(2) psychiatric hospitalization;

(3) inpatient or residential substance abuse treatment in the preceding five-year period;

(4) diagnosis in the preceding five-year period by a licensed physician that the person is dependent on alcohol, a controlled substance, or a similar substance; or

(5) diagnosis at any time by a licensed physician that the person suffers or has suffered from a psychiatric disorder or condition consisting of or relating to:

(A) schizophrenia or delusional disorder;

(B) bipolar disorder;

(C) chronic dementia, whether caused by illness, brain defect, or brain injury;

- (D) dissociative identity disorder;
- (E) intermittent explosive disorder; or
- (F) antisocial personality disorder.

(f) Notwithstanding Subsection (d), a person who has previously been diagnosed as suffering from a psychiatric disorder or condition described by Subsection (d) or listed in Subsection (e) is not because of that disorder or condition incapable of exercising sound judgment with respect to the proper use and storage of a handgun if the person provides the department with a certificate from a licensed physician whose primary practice is in the field of psychiatry stating that the psychiatric disorder or condition is in remission and is not reasonably likely to develop at a future time.

(g) Notwithstanding Subsection (a)(2), a person who is at least 18 years of age but not yet 21 years of age is eligible for a license to carry a concealed handgun if the person:

- (1) is a member or veteran of the United States armed forces, including a member or veteran of the reserves or national guard;
- (2) was discharged under honorable conditions, if discharged from the United States armed forces, reserves, or national guard; and
- (3) meets the other eligibility requirements of Subsection (a) except for the minimum age required by federal law to purchase a handgun.

(h) The issuance of a license to carry a concealed handgun to a person eligible under Subsection (g) does not affect the person's ability to purchase a handgun or ammunition under federal law.
